- Neutral and delicate cleanser
- Pine fragrance

Product for professional use. The manufacturer declines all responsibility for any damage caused by an improper use of the product.

Cleanser for periodical earthenware cleaning

Applications

Cleancott is a product designed to thoroughly clean floors and surfaces made of earthenware, both treated and natural.

With its balanced formulation, Cleancott is perfect for eliminating all household dirt, from ordinary powder to kitchen grease, without affecting either the floors or surfaces, even if treated.

Fields of application

The product can be used in all the environments where earthenware is used as flooring and covering, and in particular in:

- Hotels
- Offices
- Communities
- Private houses

Method of Use

Dilute the product in 5-10 parts of water, depending on the quality and amount of dirt to be removed. Spread with a cloth and clean, after waiting a few seconds, then rinse.
