

Industry Line

HB 25 Sol

Technical Sheet n° 081
Rev. 05/02/2014

Category:

- Solvent-based degreaser for industrial use

Applications:

- Removes oil and grease

Strenghts:

- Versatile
- Effective
- Odorless

Product for professional use. The manufacturer declines all responsibility for any damage caused by the improper use of the product.

Odorless solvent-based degreaser

Applications

HB 25 Sol is an odorless degreasing solvent for cleaning mechanical pieces. HB 25 Sol removes completely greasy deposits without leaving any residues.

HB 25 Sol does not damage the majority of resins and rubbers. However, we recommend to carry out a preliminary test before use. It does not affect light alloys, aluminium, brass, cast iron, iron, etc.

How to use

HB 25 Sol has to be used raw, with cloth and brushes, immersing it in tanks, and both with manual and compressed air sprayers. The product has not to be diluted with water and is compatible with certain organic solvents.

Scope of use

The product is a degreaser for general purpose, easy to use and very effective, especially if used in:

- maintenance services
- mechanical industries
- textile industries
- artisan laboratories
- carpentry
