

Industry Line

HB 29 Sol

Technical Sheet n° 089
Rev. 28/05/2014

Category:

- Products for the textile industry

Applications:

- Degreases and cleans winders' heads and power supply system

Strengths:

- Effectiveness
- Odorless

Product for professional use. The manufacturer declines all responsibility for any damage caused by the improper use of the product.

Solvent-based cleaner for winders

Applications

HB29 Sol is a solvent-based detergent, odorless and with a considerable degreasing power. It provides a rapid and complete cleaning of winders' heads and aspiration tubes, eliminating any residue of paraffin from them.

The product does not damage plastics, rubber and their by-products. HB 29 Sol evaporates rapidly and leaves surfaces perfectly dry and cleaned.

How to use

The product can be used by means of manual or compressed air sprayers, as well as with brush and cloth. It achieves great results also by plunging the piece to clean into the product.

Do not dilute with water. The product is compatible with certain organic solvents.
