Floors Lava Wax Glossy

Category:

- Flooring products

Applications:

- Floor maintenance

Strengths:

- Triple action
- Pleasant scent
- For all types of floors

Applications

Queen is a triple action product: it washes, polishes and renews the wax treatment of floors, leaving a pleasant and persistent pine scent.

Queen is suitable for the daily cleaning of all types of floors treated with wax: tiles, marble, linoleum, klinker, ceramic, granite, wood and much more.

Also excellent on varnished parquet.

Fields of use

Due to its simplicity of use, Queen can be used both by private individuals and by cleaning companies.

How to use

For regular cleaning of low-absorbent floors (such as linoleum, klinker, marble, granite or treated parquet) dilute one part of the product in 10 parts of water (about a glass in half a bucket of water).

No need to rinse.

On absorbent floors such as porous stones and stoneware, use undiluted.

Spread the product with a rag after diluting it.

Once dried, to obtain a greater shine effect, it is possible to polish the floor with a soft woolen cloth or with a polisher.

Product for professional use. The manufacturer declines all responsibility for any damage caused by an improper use of the product.
