# Sali Q SAN

Technical Sheet n° 476  
Rev. 03/12/2015

## Cleaner deodorant action

### Applications

#### Category:

- Deodorant cleaners

#### Applications:

- Cleans and deodorises all washable surfaces

#### Strengths:

- Low foaming
- Very focused

Sali Q SAN is a detergent based on quaternary ammonium salts, with excellent cleaning efficacy and capable of removing the sources of bad odour. Sali Q SAN is very stable, easy to apply and prevents the formation of odours. Its chemical nature allows it to remain in contact with many materials without damaging them, washing them and leaving a pleasant mint scent.

### Fields of use

For the indicated properties, Sali Q SAN can be used in

- **FOOD INDUSTRY**

The use of Sali Q San effectively removes molds.

The application can be extended to the premises and various equipment.

Indicative doses: 5-10 g/lit of product.

- **HOSPITALS AND COMMUNITIES IN GENERAL**

Sali Q SAN can be used for cleaning and deodorizing rooms and various equipment.

Generally 30-50 g/lit of product are used.

- **MUNICIPALIZED COMPANIES IN GENERAL**

Sali Q SAN can be used for washing and deodorizing waste bins. Generally 100/150 g/lit of product are used.

- **LIVESTOCK INDUSTRY**

The problems that arise in the livestock industry are mostly due to the presence of a large number of animals in a small space.

An effective washing and deodorization can be obtained using 20-40 g/lit of Sali Q SAN.

- **TRANSPORT SECTOR**

Sali Q SAN is used for washing and eliminating bad odors for interiors, storage tanks and stowage, in dilutions ranging between 10-50 g/lit

### How to use

To obtain an effective cleaning effect on very dirty surfaces, dilute Sali Q SAN at a rate of 50/70 g for each liter of water. Sprinkle the surface and leave to act for a few minutes; necessary, rinse with water, preferably lukewarm.

The concentration can also drop to 5-10 g/lit when cleaning ordinary dirt, in which case it is not necessary to rinse.

An increase in temperature leads to an increase in the active power of Sali Q SAN.

Product for professional and industrial use. The manufacturer declines all responsibility for any damage caused by the improper use of the product.
